
Managerial Ethics Managing The Psychology Of Morality

Managerial Ethics Managing The Psychology Of Morality - Managerialism - Wikipedia
Managerialism, on one level, involves belief in the value of professional managers and of the concepts and methods they use. Contemporary writers on management such as Thomas Diefenbach associate managerialism with hierarchy. But scholars have also linked managerialism to control, to accountability and measurement, and to an ideologically determined belief in the importance of tightly-managed ... Moral discourse is normative; it is captured in our language of right/wrong, good/bad, should/ought, good/evil. While meta-ethical discourse is concerned with a critical analysis of the foundations of moral judgments—the worldview and ontological rationale that confers legitimacy upon a set of normative criteria and values—practical ethical discourse is primarily focused upon two issues ... The social responsibility of international business: From ... There are many ways in which the key themes and developments in the IB literature might be discussed, as both researchers and practitioners have come up with a large variety of classifications and terms (see Section 2.1). Academic and managerial agendas are to some extent influenced by policy debates, which have become very vibrant recently: the UN is moving from the Millennium Development ... ABSTRACT. The increasing awareness of managers concerning the need for them to respect codes of ethics in their jobs is closely related with their perception that in the long run an ethical posture can result in significant competitive advantages based on a positive external image of the corporation and higher levels of workers' satisfaction and performance.
